The information disclosure statement filed 10/7/99 fails to  
comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609  
because the statement was filed after a final rejection under 37  
CFR 1.113 of 3/19/93 and after a notice of allowance under 37 CFR  
1.311 mailed 10/6/99. As specified in MPEP 609 (B(3)) (page 600-  
109), a statement filed after a final rejection or notice of  
allowance has been mailed must be accompanied by:

- (A) a statement as specified in 37 CFR 1.97(e);
- (B) a petition requesting consideration of the statement; and
- (C) the petition fee set forth in 37 CFR 1.17(i).

The statement has been placed in the application file, but  
the information referred to therein has not been considered as to

the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1). As to the statement required under 37 CFR 1.97(e), see MPEP 609 (B(2)) (page 600-107, right col, lines 1-16).

The copies of documents filed 10/7/99 including requests for opposition, declarations and affidavits that applicants state were filed by opponents in opposition proceedings in European and Australian counterparts of the present application will not be considered. The claims in the present application were determined allowable before filing the documents, and applicants state that the documents do not raise issues that have not already been considered in the prosecution of the present application.
